

American Psychiatric Association honours founding member of the Canadian College of Neuropsychopharmacology

The Canadian College of Neuropsychopharmacology (CCNP) and the editorial board of the *Journal of Psychiatry & Neuroscience (JPN)* are proud to announce that Dr. Yvon D. Lapierre, Editor Emeritus of the journal and founding member of the CCNP, was invested as a Distinguished Life Fellow of the American Psychiatric Association (APA) at the annual meeting of the association in May 2004.

The Distinguished Life Fellowship was established

by the APA to recognize members who have made a significant contribution to their profession and to the public good, and whose age plus years of active membership equal 95. Distinguished Life Fellows are leaders in their fields, whose scientific achievements and dedication to their patients have set a standard of excellence for the profession of psychiatry. The CCNP and the *JPN* editorial board congratulate Dr. Lapierre on his receipt of this prestigious and well-deserved honour.

Canadian College of Neuropsychopharmacology 28th Annual Meeting

St. John's, Newfoundland and Labrador
July 2-5, 2005

Fairmont Newfoundland Hotel

The theme of this meeting will be
"Brain Mechanisms in Psychiatric Disorders"

Highlights will include public and plenary lectures, awards lectures (Heinz Lehmann Award, Innovations in Neuropsychopharmacology Award, Young Investigator Award), symposia and poster sessions.

Plenary lectures will be delivered by Anthony Grace, University of Pittsburgh; Michael Meaney, McGill University (presenting the Memorial University of Newfoundland's Dr. John G. Williams Lecture in the Neurosciences); and Sidney Kennedy, University Health Network, University of Toronto.

A very exciting scientific program is shaping up for North America's oldest city
— St. John's, The City of Legends. Book early!
